A 3D visualization of a neural network. It features multiple layers of blue, spherical nodes. Each node is connected to many nodes in the adjacent layers by a dense web of thin, light blue lines, representing the complex connectivity of a deep learning architecture. The nodes have a slight highlight, giving them a three-dimensional appearance. The overall structure is symmetrical and recedes into the background, creating a sense of depth.

GPU

(Graphic processing Unit)

A man with dark, wavy hair and a light beard is shown from the chest up. He is wearing a dark suit jacket over a light-colored shirt and a dark tie. He has a wide-eyed, open-mouthed expression of surprise or excitement. His right hand is raised, with his index finger pointing upwards. The background is a plain, light gray.
