

LET'S PUT AN M-SHAPED DENT IN THE UNIVERSE.

A MESSAGE FROM THE FOUNDERS OF LEGION M

What we're doing has **never been done**, but we've beaten the odds before, and believe we can do it again. We can't guarantee success (nobody can promise that), but we can guarantee that we'll do everything in our power to make this the best investment you've ever made. We're betting not just our own money, but also our reputations and careers that we can **make this a success**.

Legion M is, to our knowledge, the first company built from the ground up to be owned by fans. We're building it that way because we believe a media company owned by a large audience of fans has fundamental competitive advantages over those owned by Wall Street investors. Our logo (the M with a bar over it) is the Roman numeral for one million, representing our long-term of uniting one million fans as shareholders of the Company. It's **an ambitious goal**, but we believe that if we can achieve it, Legion M could become one of the most influential companies in Hollywood.

THANK YOU for considering our Company. If you like what you see and want to take a **swing for the fences** with us, we'd be honored to have you join our team. Onward and upward.

THE LEGION CREATES HIT PROJECTS WITH GRASSROOTS MOMENTUM.

Legion M helped make MANDY, starring Nicolas Cage and Andrea Risenborough (*Birdman*, *Black Mirror*), into more than a film. We invested in the project then proceeded to leverage the Legion to help promote the project and create a universe of live events and custom products.

MANDY was released in 2018 but we are still enjoying the success through recent partnerships with Funko Pop and Red Miller Collectibles, like those below, keep the fan base (and revenues) growing for this cult classic.

HOW HAVING FUN TRANSLATES TO GOOD BUSINESS AT LEGION M.

Engaging our shareholders is core to our business model and strengthens our competitive advantage. By using the more fun parts of the entertainment industry, our shareholders become critical to our growth strategy.

The more we include shareholders in the process; the more excited they are for project releases. The more word of mouth they generate; the more success we see in the market. This creates opportunities for larger projects and more success.
