

Starburst

Justin Borgman

Co-Founder & CEO, Starburst

**Analyze all the data in
your house, not their house**

We're living in a data-driven economy.

Research Report, May 2021:

How Data Culture Fuels Business Value in Data-Driven Organizations

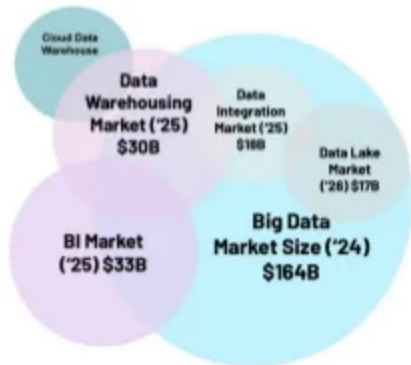

"83% of CEOs want their organizations to be more data-driven."

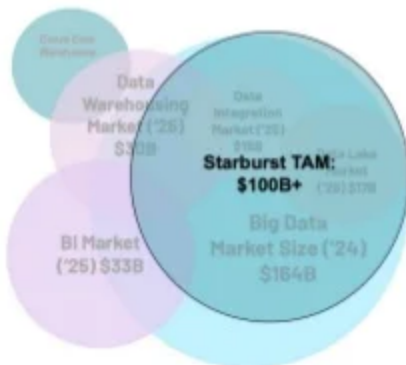

We're addressing a massive TAM

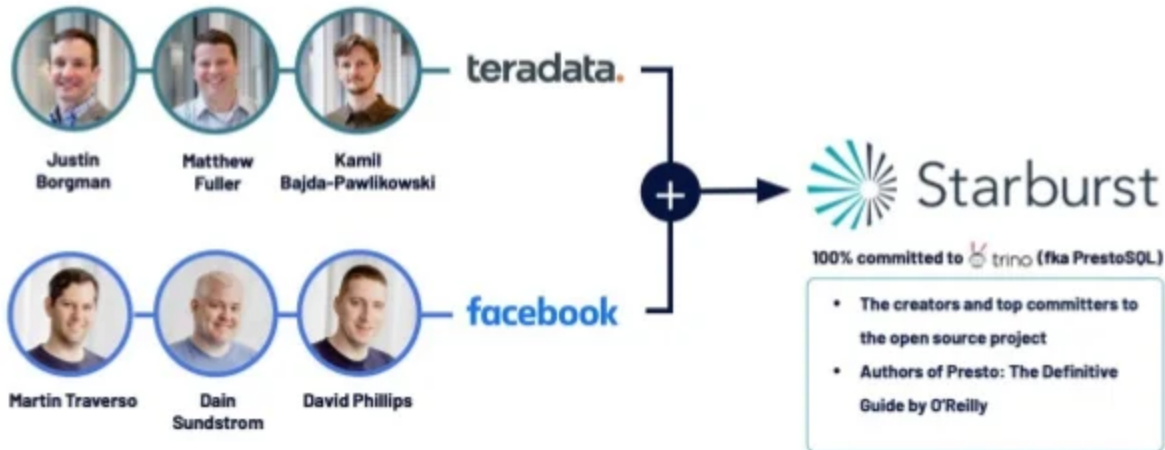

The Big Data market is large,
made up of many sub-markets

Starburst addresses a large
portion of the Big Data market

Today

The Cloud Data Warehouse

"Move all of your data
into one place... in the
cloud"

Not much has changed in 30 years

THE DATA WAREHOUSE MODEL

- Is slower than it looks
- Requires many copies of the same data
- Creates vendor lock-in
- Is expensive with unpredictable costs
- Limits your view to what is in the EDW right now

Access data, no matter where it lives

Customers stay because they want to, not because they have to
