Access to payments online is **difficult and expensive**

“Most prepaid cards charge between 7 and 15 different fees, with the median fees ranging from \$0.50 to \$9.95”

Pew Charitable Trusts, “Loaded with Uncertainty: Are Prepaid Cards a Smart Alternative to Checking Accounts?” Sept. 2012

Digital cash is the answer

Bitcoin and other forms of digital cash are changing the payment landscape, and allowing unprecedented ease and minimal fees.

Average bitcoin transaction cost:

Prepaid is a growth industry

Open Loop
Visa, GreenDot

Closed Loop
Starbucks, Amazon

Payments are a growth industry

Figure 2: Alipay vs. PayPal, 2008–2013

Note: Registered Alipay users does not mean active users.

Note: "Active" PayPal users means a customer has conducted 1 transaction in the past 12 months.

Sources: PayPal, Mercator Advisory Group estimates based on collection of sources
